Behaviour

Children who demonstrate an acceptable standard are awarded bands. To be awarded a band the children would have to be in the right place, at the right time and doing the right thing.

New rainbow bands will be awarded during this new school term

8.12.17	Parent voice
Week beg 11.12.17	Christmas play week (Inspire)
21.12.17	Break up for Christmas

Caterpillars and Butterflies We are so proud how well the children have settled into their new class with visitors commenting on their beautiful behaviour and wonderful walking!

The children have particularly enjoyed taking part in their 'funky fingers' session where they do lots of fine motor activities to prepare their little fingers for writing. Keep it up butterflies!

Class 1 All the children have settled in well into year 1 and have worked very hard! We have all written about our summer holidays, formed some good sentences and have been learning about how many tens and ones are in the 'teen' numbers. Our topic is The Earth and I and we have been learning about the four seasons and looking at where we live on Google Earth! We have had 100% attendance most days this week, let's make it every day next week! @AllanoLane

Class 2 What a lovely first week we've have had in class 2. We have all shared our summer holiday news and have all got to know each other really well already! We have also been creating super heroes and described in a cold write how our super heroes will save the world. I am really looking forward to the year ahead of us, where I know all the children will do well. follow us on twitter @beedlejlane

Class 3 Well what a fantastic first full week from Class 3! A special mention must go out to all the children who went on the residential the previous weekend - they have soldiered on so enthusiastically despite some undoubted tiredness earlier on in the week! We have started learning about some exciting topics such as the Romans and different types of rocks we can find, along with writing some really detailed setting descriptions about a forest. I'm sure the children will remain as enthusiastic in the upcoming weeks and I'm certain we're in for an amazing year!

Class 4 have made a great start to the year and settled in well. We have been working with numbers up to 10,000 in maths and working out some tricky application problems. In literacy, we have been writing hero stories and everyone has shared lots of brilliant ideas. Miss Robertshaw has been really impressed with the positive attitude in class and the effort being put into work. We had an excellent start to our swimming lessons, which we will be attending every Thursday. Remember to read 5 times a week so you can come in non-uniform on Friday!

Class 5 A fantastic week, where the children have shown me how brilliantly willing they are to learn. Superb learning behaviour year 5!! Those who attended the visit to the Peak District over the weekend thoroughly enjoyed themselves – as did the staff!

Class 6 have continued to show a really positive attitude this week. We have practised rounding large numbers and used negative numbers in maths. In English we have begun writing super descriptive settings using adverbial phrases and are enjoying our class stories – Cogheart and Holes. PE will be every Wednesday and Thursday - remember your kit and your water bottle! Please remember to read 5 times a week so you can come in non-uniform each Friday.

Attendance

This week has seen a fantastic improvement in attendance, thank you for your support with this. Let's keep it up. There are still too many children arriving late though. You all had a letter this week showing your child's attendance and lateness compared to the rest of their class. In many cases improvement was needed. Being late adds up and 5 minutes a day results in 3 whole days of lost learning over a year. These letters will now be sent once each half term.
